Decisions to make as a committee

- How long will our meetings run?
- What will we choose as a quorum for a decision?
- Will committee members speak at will or wait to be called on by the Chair?
- Will decisions be made by consensus or by majority vote?

Election of Chair, Vice Chair and Secretary

What have we been tasked to do...

The Selectboard also tasked the Committee with the following actions to be completed by the end of 2025:

1. Propose a site on town property for the development of a multi-use recreation court ("Court");
2. Recommend to the Selectboard what type of recreation activit(ies) are to be conducted on the Court;
3. Propose a cost estimate to the Selectboard for the building of such Court and a five-year maintenance cost plan for the same (such plan should include contractor proposals); and
4. Provide the Selectboard with any other information that may assist the Selectboard in bringing forth a proposal to the Town Legislature regarding whether to approve constructing such a facility on Town property.
