

MEMBER SPOTLIGHT

RANDY KEACH AUTO

Family Owned and Operated for Over 20 Years

Randy Keach Auto

Randy Keach Auto is located at the Junction of Routes 2 and 27 in New Sharon and has been in business for over 20 years. The business was started by Randy Keach Sr. who had a dream and started clearing the land for the garage with his family by his side. Over the years the business grew and trust was earned to build the clientele it has today. The business is now operated by his son-in-law and daughter, Glenn and Angela Pinkham, who continue to serve the community with quality and affordable vehicle sales and repairs. They pride themselves on being a family owned garage that people can trust.

Repeat customers who continue to come back year after year to buy their vehicles and get their repairs done are the ones that have helped make this the business it is today. Randy Keach Auto strives to keep a variety of vehicles at the most affordable prices they can offer, and like to go above and beyond what needs to be done to meet the needs of customers because they realize that without them they have no business.

Glenn is an ASE Certified Mechanic with a specialty in vehicle electronics and he continues to invest in the latest diagnostic equipment and tools that enable him to serve his customers to the best of his ability.

You may have heard of the Fluid Film that Randy Keach Auto offers because let's face it, winters in Maine are tough on vehicles and people appreciate the option of protecting them. This particular product was chosen because it is environmentally friendly, protects all types of metals and seals out moisture and air to stop existing rust on contact. This family owned and run business cares about their customer's vehicles.

When driving by you may have also noticed the Old Hickory Sheds that they are now selling. These buildings are solid, affordable and completely customizable. Customers have all been very happy with them.

You might say they are a little shop with a lot to offer! Go visit to see what they can do for you! FMI: 207-778-2007 or www.randykeachauto.com

UMF Dining Services/Sodexo hosted the Business After Hours on Thursday, April 18

There was a great turnout! Many who attended got to tour all of the offerings that Sodexo provides at UMF. The tour included the Beaver Lodge (winner of the Chester Greenwood Day Taste of Farmington), The Mantor Library Coffee Shop, the South Dining Hall, and the appetizers served for us in the North Dining Hall.

The Beaver Lodge offers many specialty items, for example they served us a tasting of vegan poutine, and you would have never known it was a vegan dish. They also serve smoothies and juice mixes that are incredible. All of the UMF dining options are available to the general public. Go ahead and try them! You will be pleasantly surprised!
