MEMBER SPOTLIGHT

Meldrum Design

There's a new architect in town! Ashley Hopwood Farrar recently opened the Maine branch of her residential architecture business, Meldrum Design. She and her husband moved to the Sugarloaf area in 2016 to work seasonal jobs and soon realized that they didn't want to leave. A few months ago, Ashley officially setup shop right on Route 27 in Kingfield.

Meldrum Design is not your typical architecture firm. They offer all kinds of services from basic CAD drafting to simple remodels to ground-up home design. Working with contractors or directly with homeowners, they create design packages to suit any clients' needs. Ashley is incredibly excited to work in Maine and has added to her list of services so she can best serve local residents.

Meldrum Design specializes in compact spaces and sustainable, green designs. Could you use more space in your home? Would you like to lower your heating bills and your impact on the environment? Or what if all you want is an updated kitchen? There are affordable ways to get what you want and Meldrum Design can help.

The best part? Meldrum Design offers free design consultations to see if they might be a good fit for your project. Check out their beautiful portfolio at www.MeldrumDesign.com. Meldrum Design is open Mon.-Fri., 8 a.m.-6 p.m. and on weekends by appointment. They work on projects all over the state. For more information or to setup a free consult, contact Ashley at Ashley@MeldrumDesign.com
